

But wait...there is more

What is Extended Producer Responsibility (EPR)?

EPR is an environmental management strategy mandated by the province of British Columbia. It uses Product Stewardship Programs, which are guided by the principle that whoever produces or uses a product must take responsibility for that product's environmental impact. This is why some products have an eco-fee.

Additional Recycling Opportunities

Medications & Prescriptions

pills should be removed from bottle and bagged. Empty bottles accepted.

- Wrinch Memorial Hospital Pharmacy (2510 Hwy 62)

Cardboard

- Hazelton Bottle Depot (residential)
- Regional District Waste Management Facilities (Kitwanga and Hazelton)
