

# GREATER TERRACE HOUSING NEEDS REPORT

## REPORT RELEASE AND INFORMATION SESSION

The City of Terrace and Regional District of Kitimat-Stikine have partnered together to complete a housing needs report for the Greater Terrace Area, including the City of Terrace and Electoral Areas E and C of the Regional District. The report contains information on current housing needs, projected community growth in terms of population and households, and future housing need over the next five years from 2020 to 2025.

This event is an opportunity for community members, non-profits, and housing stakeholders to engage directly with the project team and ask any questions about the findings and trends observed across the region.
